

Our Guarantees to You

We guarantee CoreKote 2000™ will not chip or crack or flake.

We guarantee to cover 100% of all exterior surface areas, up to a core depth of 30”.

We guarantee zero bridging between fins (up to 30 fins per inch) or between louvers.

We guarantee uniform film thickness with a variance of less than 0.001”.

We guarantee less than 1% reduction in heat transfer efficiency.

We guarantee that a unit coated with CoreKote 2000™ will protect against failure - due to external corrosion – for five (5) full years. (See CoreKote 2000™ Standard Warranty for full details.)
